OFFICE POLICIES AND PROCEDURES

We have developed this information to make you aware of our billing policies at the time of your initial office visit. Please review these policies carefully.

Physical therapy services are reimbursed under the provisions of most health insurance policies. **You, as the subscriber, are primarily responsible for knowing the terms of your policy or coverage including cases involving Liability, Worker's Compensation and Medicare.**

Our office personnel are familiar with various coverages offered by health insurance companies and will assist you. If you (the subscriber) should receive a check from your insurance company that is intended for this practice (the provider) for services rendered, you should immediately remit this to our office for credit to your account. Failure to do so will result in our office billing you for the complete balance and you will be responsible for payment of this amount in full.

***If this is a Liability or Worker's Compensation case, please make sure you have informed the front office. ***

COPAYMENT/COINSURANCE INFORMATION

CO-PAYMENTS are due at time of service. *Please contact the customer service department of your insurance company for information regarding your Out-Patient Physical Therapy Benefits and co-payment amount.* Thank you!
